ROYAL WD-40

Royal WD-40 spray is a multi-purpose product that can be used in households, repair shops, industrial workshops and so on. Wd-40 is used as a rust remover and lubricant, lubricating almost everything.

Royal WD-40 spray is highly resistant to moisture and water and protects metal and non-metal surfaces. This product has an 8-inch flexible straw so you can spray it in hard-to-reach places.

Other functions of this spray are: cleaning the surfaces of faucets, lubricating keys or screws, rust remover and lubricating garden and industrial tools, lubricating door hinges, bicycle pedals and chains, and all kinds of gears.

For the assurance of higher safety for consumers, this product is made from high-quality and refined raw materials and does not contain diesel derivatives with the best European machinery. After prospering product quality controls and load pressure tests, the products will be marketed in standard cans with stylish and suitable packaging.
